Provide your students with an interactive space to **develop collaboration skills**, and learn through play.

SMART Table

The SMART Table is a collaboration tool designed for young students. So inclusive, learners of every ability will grow academically and socially. So fun, they'll forget they're learning.

Active small-group collaboration

Up to eight students can learn together at the same time, interacting on the multitouch surface

Engaging, interactive content

Access ready-made content from the SMART Exchange™ website. Create new activities using the SMART Table Toolkit or import SMART Notebook files.

Designed for the active classroom

The sturdy pedestal restricts tipping, and can support 200 lbs. on its scratch-and-spill surface.

Accessible for all

The horizontal, 360 degree surface makes it easy for all students to participate
